

Our partnership with DLL

This month we are delighted to announce the charity partnership with DLL, who have supported the work of The Ambulance Staff Charity by generously donating €10,000 earlier this year!

DLL is a global finance partner for equipment and technology assets with over 50 years of industry experience, driven to help businesses grow. They deliver sustainable and effective solutions to move assets to market, throughout the entire asset life cycle: commercial finance, retail finance and used equipment finance. The partnership has gone from strength to strength with DLL attending the National Memorial Service hosted by TASC as well as sponsoring the production of the memorial commemorative badge.

"DLL is delighted to support The Ambulance Staff Charity for the next 12 months. DLL has been involved in the Ambulance sector for over 15 years, financing vehicles for both public and private operators. Being able to financially help, through TASC, the women and men who serve in this vital service, is extremely important to DLL and goes to the heart of our business ethics"

Jonathan Evans, Head of Sales, Northern Europe Healthcare

Fundraiser of the month

Tim's London Marathon

Tim works as an Emergency Medical Technician for the North West Ambulance Service in Cumbria, where he also works as a retained firefighter. Three years ago, Tim started running to raise money for charity, an effort he has maintained ever since.

On 3rd October, Tim will run the London Marathon, totalling 26.2 miles, to raise vital funds for TASC.

"Ambulance staff have had even more to deal with over the last year and a half so I'm trying to raise money for TASC so if people need it the extra help is there."

Sewa Walkathon

On Sunday the 19th September, the Hindy Swayamsevak Sangh UK hosted a 10km walkathon in Coventry's War Memorial Park, where the participants could walk, cycle, or run the distance.

Despite a bit of rain, the participants completed the event in good spirits, raising over £700 for TASC. It is still possible to support them at:
